MODEL 125 CLAY DIGGER

PART # 5211 (7/8" HEX x 3-1/4")

The APT Model 125 Clay Digger can be used for digging clay, shale, hard pan and frozen ground. The Model 125 is a lighter weight tool ideal for digging medium to lightly packed soil, for light demolition work as well as for tunneling around existing foundations. With its latch type retainer, lighter weight and short length, this tool is one of the best and easiest to handle Clay Diggers made today.
